Democratic Candidate for President Will Conclude Tour of West Virginia with Speech Tonight

(By United Press)

The issue between independents and Republicans was clearly drawn today following President Coolidge's Philadelphia address in which he LaFollette proposal to limit the pow- of the great emancipator. er of the supreme court. Mr. Coolidge returned to Washington immediately after his address and resumed the duties of his office. He has not confirmed reports that he will make an extensive speaking tour in the west later in the campaign.

John W. Davis, finishes up his speaking tour in West Virginia tonight with a speech at Bluefield, admittedly a LaFollette stronghold. He will return to New York via Washington and Delaware, making some short speeches enroute.

Senator Wheeler, independent vice presidential candidate, continued hammering at the administration in his speehces in the LaFollette strongholds in the northwest while the Republican vice presidential candidate, Dawes, trekked through the same territory upholding the Constitution and the Supreme Court. HUNT'S DAILY LETTER

BY HARRY B. HUNT NEA Service Writer

W/ASHINGTON-Has aviation reached a stage to make a strong navy any less important than it was? In the last few days the sugges-

tion has been made that it has. The suggestions came from the White House.

Government experts are very backward about taking issue with the president. But among themselves-the idea's too ridiculous for words, practically all of them say. Here and there, perhaps some out-and-out aviation fanatic may hold otherwise, but he's a hard fanatic to find, even in aviation

THAT aircraft are important as naval auxiliaries is agreed. It is conceded readily that a

war fleet without them would be at a tremendous disadvantageprobably a fatal disadvantageagainst another fleet adequately equipped with such auxiliaries.

"But to compare a battleship and an aeroplane, as weapons," to quote an officer who holds an important Navy Department post, "is like comparing an automobile with a piece of pie. They're unrelated, entirely. One's for one thing, the other's for another. There's nothing interchangeable about them."

66 DOR purely defensive pur-I poses," went on this authority, "aircraft, in sufficient numbers, might do.

"We certainly couldn't do it with airplane-carrying vessels, for if they were unprotected by warships the enemy would sink them as soon as they put to sea.

"Dirigibles may serve the pur-pose if the time ever comes when one of them can transport several thousand men, and we have a big fleet of them, but that time isr't here yet and it's unlikely it ever

"Neither is it likely we ever shall see the day when an aeroplane can fly oversea, operate and return without a landing.

"Such voyages as the round-the world flight, made during favorable weather, from well-equipped base to well-equipped base, at convenient intervals, is one thing.

"A trans-ocean flight by a great fleet of planes would be altogether different matter. How many such planes, taking off from New York or San Francisco, ever would reach the European or Asiatic coast!"

66TT isn't even certain," con-I tinued the officer, "that planes would be cheaper

than surface men-o'-war. "The ordinary military plane costs about \$12,000.

"With good luck, no accidents, its life is about a month, or 75 fly-

"The life of a battleship, costing \$8,000,000 or \$10,000,000, is about 10 years

"A \$12,000 plane must be replaced 120 times in 10 years at a total cost of \$1,440,000. And nobody will argue that a single plane is the equivalent of a battleship. One hundred would be more like a fair comparison,"

"The Eternal Struggle"

Reginald Barker has done it again! The man who made "The Storm" and "Hearts Aflame" has added another supreme dramatic achievement to his credit in "The Eternal Struggle," the Metro picture now playing at the Princess theatre. The story is superbly handled and keep the entire unfoldmnt.

The cast is in keeping with the superior direction, for each one of the players is a top-notcher who star in an ordinary production. Renee Adoree, who is a comparative newcomer to the films, as Andree Grange, the tempestuous little French Canadian, gives a performance that ranks her among the great stars at the top of the ladder. Pat O'Malley, as the devil-may-care Bucky O'-Hara, does some of the best work of his career, surpassing his superlative performance in "Brothers ill the first of the week. Under the Skin," Barbara La Marr, Women" and "The Prisoner of Zen- day. da," and she gives a superb performance. Earle Williams, Wallace Rushville have moved here. Beery, Josef Swickard and Anders

COOLIDGE DRAWS ISSUES CLEARLY

Comes Out Squarely in Philadelphia Speech Against Proposal to Limit Power of High Court

MAY MAKE WESTERN TOUR

Democratic Candidate for President Will Conclude Tour of West Virginia with Speech Tonight

(By United Press)

The issue between independents and Republicans was clearly drawn today following President Coolidge's Philadelphia address in which came out unqualifiedly against the LaFollette proposal to limit the power of the supreme court. Mr. Coolidge returned to Washington immedintely after his address and resumed the duties of his office. He has not confirmed reports that he will make an extensive speaking tour in the west later in the campaign.

John W. Davis, finishes up his speaking tour in West Virginia tonight with a speech at Bluefield, admittedly a LaFollette stronghold. He will return to New York via Washington and Delaware, making seme short speeches enroute.

Senator Wheeler, independent vice presidential candidate, continued hammering at the administration in his speekees in the LaFallette strongholds in the northwest while the Republican vice presidential candidate, Dawes, trekked through the same territory upholding the Constitution and the Supreme Court. Dawes speaks at St. Cloud, Minn to-

Republican headquarters in Chicago claimed a LaFollette plot in North Dakota, announcing an effort will be made to keep four Republican electors off the ballots because they are known to be in favor of independent candidates.

Both Republicans and Democrats professed satisfaction at the New York state situation where Theodore Roosevelt will oppose Governor Al Smith in the gubernational fight. The Republican convention in Rochester adopted a strong anti-Klan plank in its platform an the Democrats were to do the same thing in Syracuse to- to it-

Judge Alonzo Blair of Shelbyville Hears Motion to Throw Out False Pretense Affidavit

WAC ONCE FOUND FAULTY

Alonzo Blair of Shelbyville was here this afternoon and assumed jurisdiction in the case of the state Mrs. Clifford Cameron, and Mrs. against Earl H. Payne, former Rushville banker, who is charged in an affidavit with false pretense, and in which the former Shelby county judge was selected to try the case.

The attorneys this afternoon were arguing the motion to quash the affidavit, and an attempt was being made to throw the case out of court. TAKE ELECTRICAL FIXTURES

A warning to merchants in eastern Indiana cities has been sent to the chamber of commerce organizations from Peru, calling attention to a new swindle game that is being worked in the state by a man and a woman.

The people pose as Ray Mill, alias Fred Shoul, and Mrs. Mills. They drive a red Buick roadster, accompanied by their two children, boy age 4, and girl, age 7. The man pretends to be an electrical engineer and tries to sell remnants of electrical goods. The man is described as being rather short and stocky, about 35 years old, with gold fillings on his lower teeth.

Mrs. Mills calls on electrical dealers and pretends to be in the market sider Hight's plea for mercy, the for fixtures, and picks out several articles, and carries part of them with her, and the rest is charged and is to be delivered to a certain street address. The object of the came is to leave the town with the fixtures and sell them in some other on file at Peru.

The president's reference to the supreme court and government own-. rship of utilities was an attack on Senator LaFollette and the independent party without mentioning names

"If we wish to mairain what the Fathers herê set up we shall do well to leave the people in the ownrship of their property in control of their government and under the protection of their courts," he said.

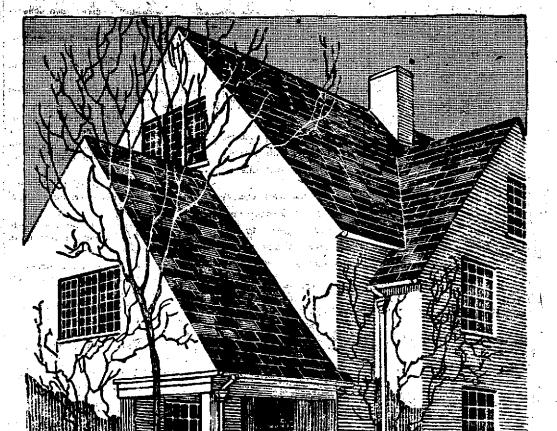

The major portion of Mr. Coolidge's address was a historic review which enlogized the Constitution to the highest degree of sanctity Near the conclusion of the speech the president "fired his campaing talk and pleaded for moderation and candor" rather than violence and "deceit."

"We pay too little attention to the reserve power of the people to take care of themselves," he said We are too solicitous for government intervention on the theory firs that the people themselves are helpless, and second, that the government has superior capacity for action. Oftentimes both of these conclusions are wrong."

Turning to proposals for government ownership/Mr. Coolidge pointed out that it would mean a strain on the country's economic system and increase taxes.

"It would mean a loss in public revenue estimated at \$600,000,000 a year and while industrial states might, not increase the tax on the farmer more than three or four per cent, in many agricultural counties it would run as high as forty per Pleading with his audience to be wary of proposals to limit the power

A Profitable Pastime

Boosting, like an infectuous disease, is "catching".

Those who boost find in time that their whole system is permeated with the spirit of boosting and that their viewpoint on every question is better.

Honest hoosting is profitable. It reacts favorably and brings results when everything else fails:

Boosting renders a service for the booster. It takes his mind off the netty things which occupy his after tion and prevents him from developing a clear case of brain fag.

Even though it be for selfish reasons, boost and then boost some more.

And when you get the right mental attitude for boosting, take your early training in boosting for Rushville and Rush county.

There is no better place in the we don't think about it often enough.

This community which we call home may have some disadvantages. But when that idea works its way into your thoughts, pash it out by commerating in your mind some of the many drawbacks of communities you know.

Rush county never suffers by family east of Glenwood.

That is what you need when you see pimples staring at you in the mirror. Red-cells mean clear, pure, rich blood. They mean clear, ruddy, lovable complexions. They mean nerve power, because all your nerves are fed by your blood. They mean freedom forever from pimples, from blackhead pest, from boils, from cezema and skin eruptions; from that tired, exhausted. run-down feeling. Red-blood-cells are the most important thing in the world to each of us. S.S.S. will aid Nature in building them for you! And its disadvantages? They will disappear when we boost together as we should for its betterment.

A Fast Pace

The Indiana university dean of women has decreed that an automobile is not essential to higher education and that no woman student shall be permitted to keep a machine One Month to 5 Months, per month 40c at school longer than four weeks.

A similar rule for men will be enforced at the university, it is announced, because the number of automobiles has multiplied so fast that \$3.00 the college town is over-run with __\$5 50 | them.

That which has become a college or university problem is likewise one for the high school. If the number of boys and girls who drive cars to school continues to grow as it has in the past few years, the time is not far away when the students will be demanding that the school authorities provide garages for them.

No one could find reasonable grounds for objecting to a high school student driving an automobile to school when the student lives in the country, several miles from the school, and no school-back facilities are provided. But there does seem to be a limit to the practice of permitting boys and girls, none of whom are allowed by law to operate cars to drive to and from schools, when their homes are only a few blocks

FIFTEEN YEARS AGO TODAY

From Daily Republican Monday, Sept. 27, 1909

The county commissioners in sperial session this afternoon elected Alvan Moor to succeed the late George H. Caldwell as treasurer of Rush county.

While the chilly autumn breezes whistle around the corner, Mrs. S. L. Innis is enjoying the real cotton field of the southland. She has a bed of cotton plants, three feet square, growing at her home in North Perkins street, and now the plants are in full bloom.

The Rev. J. W. Turner is the new minister of St. Paul's M. E. church. The appointments were read about noon today. More good news for Rushville people is that Dr. V. W Tevis, the retiring pastor of the church here, will be the presiding elder of the Connersville district.

1924 Football Season Opens Saturday at Indiana-University on New Gridiren Field

INGRAM IS HEAD COACH

Bloomington, Ind., Sept. 26-The 1924 football season opens tomorrow at Indiana university when the Crimson eleven will meet the Rose Poly gridiron outfit, coached by Heze Clark, on the new Indiana field in the rear of the Men's gymnasium. Speculation is rife as to who will compose the team to take the field against the Engineers and since three elevens have scrimmaged the freshman crew during the last week. the uncertainty is even greater.

A mixture of fundamentals, signal practice and scrimmage has been there are only a few on the schedule given the varsity aspirants by Head Coach Bill Ingram, While "Sanny" Sundstrom has been drilling the linemen in both offensive and defensive tacties. NEEDED BY GIANTS

Washington Senators Need to Win Three More Contests in Order to be Their Opponents

EACH CAN LOSE ONE MORE

In Making Clean Sweep With Pirates, Giants Played Ball That Was Almost Unbeatable

By HENRY L. FARELL

New York, Sept. 26-Two more ictories as they now stand, will put the New York Giants into the world series and with three more victories, the Washington Senators will become their opponents.

Regardless of what the runnersup in the two major leagues do in their remaining games, the Giants and the Senators can lose one more game and win the pennants.

The Giants are idle today but they start Saturday against the Philadelphia Phils in a three game series that will wind up the season. It is improbable that the Phils will be able to win one of the three games as the Giants are rolling along under great momentum and their pitching is better than it has been all sea-

In sweeping three games from the Pirates and knocking them clear out of the pennant race, the champions played baseball that was almost unbeatable.

The Senators will have a time with them in the world series even if Heinie Groh and Frank Frisch do not get back into the game.

The Brooklyn Robins have only two more games to play against the Boston Braves and the Robins probably will win both games but unless the Giants crack and lose three games to the Phils, Brooklyn has no chance to win the pennant. If the Giants lose two games to the Phils and the Robins win their pair, the two clubs will finish in a tie for first place. They would have to play it off then in a three game series.

The New York Yankees, two full games behind the leading Senators start on their last stand today in Philadelphia, Their lope to get into the series is forlorn.

Washington can einch the pennant by winning three of the four remaining games from the Boston Red Sox. If the Senators should happen to drop two games and the Yankees should win four from the Athletics they would finish in a tic. The Senators would have to lose three out out on at least 5 pounds of good, of four to lose the pennant if the Yanks didn't lose another game.

The Yankees will have harder time in Philadelphia than the Senators should have in Boston. The Athletics are playing fine ball and they most always do when it is too late. They uined Detroit's chances for the pengood pharmacists nant by sweeping a whole series from the Tigers and they are now primed to do the same stunt to the Yanks.

> The Giants can cinch their penuant Sunday afternoon, but the Senators cannot attain their mathematical certainty until Monday unless the Yanks are upset in the first two games at Philadelphia.

TWO MORE GAMES EAST, WEST, SOUTH MEET IN CONFLICT

Only Four Survive From Flock of Hopes Starting in Amateur Golf Championship

FINAL ROUND ON SATURDAY

Merion Cricket Club, Philadelphia, Sept. 26—East, west and the south neet today in an intersectional conflict that will be one of the features of the semi-final round for the amateur gelf championship.

Max Marston, defending champion, Philadelphia; Francis Onimet, former champion, Boston; Bobby Jones, former national open champion, Atlanta, and George Von Elm, Los Angeles, are the survivors from the flock of hopes who started on the quest for the title here last Saturday.

Today's contests which will send two survivors into the final round tomorrow, are expected to draw a record gallery with the promise of the finest competition of the week. Bobby Jones, who beat Knepper

esterday, will meet Francis Onimet. the conqueror of Jess Guilford, in the first match.

Max Marston, who eliminated the intercollegiate champion, Dexter Cummings, will play against Von Elm, who defeated Eddie Driggs in vesterday's round.

Let Kellogg's Bran free your children from that dangerous disease—constinution

Children are subject to constitution. In the excitement of play, they neg-lect themselves and foster this dread disease. More than forty other diseases can be traced to constipation. Don't delay. Begin at once to cleanse their systems of the dangerous poisons.

Kellogg's Bran sweeps the intestine clean—and purifies it. It drives out the poisons which undermine your children's health. It makes the bowels function regularly and naturally.

Kellogg's Bran, cooked and krumbled, is guaranteed to bring results if eaten regularly, or your grocer will return your money. It is guaranteed because it is ALL bran! Nothing but ALL bran can be 100 per cent effective. Kellogg's Bran is recommended by doctors everywhere—they know from experience that it brings results.

Have your children eat it regularly—two tablespoonfuls daily—in chronic cases, with every meal. They will like its wonderful, nut-like flavor—so different from common brans which are nost unpalatable.
